<i>Jun-Aug</i> 2017	Summer Internship at ENTEGRE YAZILIM, KONYA <i>Software</i> Researched Microsoft Dynamics CRM 365 and web services. Developed a plug-in about it.
<i>Jun-Aug</i> 2016	Summer Internship at MEPSAN, KONYA <i>Software</i> Developed and designed Web Application about automation using Java Server Faces and Primefaces.

PROJECTS

Semantic Web Projects

- Developed a chatbot with Python and Apache Jena Fuseki about Accommodation offering for user's criteria.

Python Projects

- Developed a Telegram Bot that shows weather forecast for given location.
- Developed a Python script that user can delete all tweets and favourites, send tweets, follow and unfollow users.

Senior Design Project

- Developed Image Steganography platform using Python and Django.

Artificial Neural Network Project

- Created an artificial neural network that guesses weather forecast for Konya city using MATLAB Platform

Digital Image Processing Project

- Using three Visual Attention Models, evaluated Image Quality of images in Live Image Database using MATLAB Platform.

Analysis of Algorithms Project

- Developed software that calculates the shortest path to travel whole country for selected city in Argentina using C#.

Java Automation Project

- Developed a car gallery automation software using Primefaces and Java Server Faces.

Database Management Systems Project

- Designed a soccer league database using MySQL.

Digital Systems Project

- Designed a calculator that capable of calculating four operations on binary system.

Object Oriented Programming Projects

- Hospital Management System Project using C# and Object Oriented Programming.

EDUCATION

SEP 2014 - JUN 2018 Computer Science in, **KTO Karatay University**, Konya
GPA: 3,23/4

SEP 2010 - JUN 2014 High School, **Dolapoglu Anatolian High School**, Konya
GPA: 88,11/100

CERTIFICATES

MAY 2018 Participant Certificate of "Python for Hackers" in HackTrick'18 by Information and Communication Technologies Authority
APR 2018 Trainer Certificate of Kodlama ve Robotik Zirvesi'18 (Concrete Apps with Python)
APR 2018 Organization Certificate of Siber Guvenlik Zirvesi'18 in Konya
NOV 2017 Organization Certificate of 81 Ilde 81 Milli Hacker in Konya
OCT 2017 Participant Certificate of Capture the Flag Competition 17 by STM
APR 2017 Participant Certificate of "Practical Penetration Testing" HackTrick'17 by Information and Communication Technologies Authority
FEB 2017 Certificate of Hacker 101 in Academic Information 2017
APR 2016 Certificate of Introduction to Internet of Things by Cisco Networking Academy
AUG 2015 Certificate of Introduction to Cybersecurity by Cisco Networking Academy

LANGUAGES

TURKISH: Mothertongue
ENGLISH: Fluent
GERMAN: Basic Knowledge

COMPUTER SKILLS

Basic Knowledge: PHP, SQL, Access, MICROSOFT DYNAMICS CRM, LATEX, Arduino, Linux, .NET

Intermediate Knowledge: C++, C#, Python, Django, Java, Primefaces, JavaServer Faces, MATLAB, Kali Linux, Object Oriented Programming, Active Directory, Network Security, Network Management, HTML, CSS, Microsoft Office

INTERESTS AND ACTIVITIES

Cyber Security, Programming, Technology, Gaming, Basketball, Tennis, Swimming, Travelling
